

OCT 1 Amended Complaint.

Damion Ellorby  
NO: 20-2428

Steve Miller acted with deliberate indifference when he ignored obvious and serious dangers by exposing my self and Taijon Edwards to an unreasonable risk of harm by placing us back together after our previous misconduct, when we fought in the day room, which was under the cameras. Steve Miller is in charge of treatment, he is also in charge of placement of inmate leaving the behavior housing unit returning back to general population. Steve Miller told Edwards he would not be returning back to general population until March 20, 2020. But Steve Miller decided to place Taijon Edwards on the movement list the same day as I was to return back to population, which was March 13, 2020. Corrections officer Matthew Jordan filed a incident report as me and Taijon Edwards left the hole, because he realize we both was returning to the same housing same tier. He also called his supervisor Lt. Dawson, who told him "Let see it play out." Steve Miller has complete control of treatment, inmates returning back to general population, do not return without his say. They for by placing us back together was a direct act of deliberate indifference. Steve Miller violated our 8th Amendment right, since me and

Tajon Edwards fight I experienced daily migraines and I have a scar on my face for life under my right eye. I seek monetary damages in the amount of 5 million dollars for violation of my eighth amendment rights, as well as punitive damages. Since me and Tajon Edwards fights, Steve Miller continues to use the same tactics on inmates which is unconstitutional and vile, and should be investigated.
